Once again it is my honor to say thank you to all who attended the 29th Annual GPA Conference, Promoting Safer Maternal and Infant Outcomes in Georgia. Once again a great turn out welcomed an excellent group of speakers. If you were not able to attend, please see the conference wrap-up below and plan to be with us next year, September 21-23, 2016, same location.

The Georgia Perinatal Association recently wrapped up our 29th Annual Conference: Promoting Safer Maternal and Infant Outcomes in Georgia. Held at the King and Prince Resort on St. Simons Island, we welcomed a total of 103 healthcare professionals who are involved in

the care women, infants, and their families. The planning committee, with suggestions from GPA members, put together a conference that provided a great range of topics.

This year's preconference, Factors Influencing Infant Brain Development, was provided by Dr. Diane Bales, and provided an excellent overview of prenatal and infant brain development and how providers can promote this
